\* ITEM-56: (O-84-214) ADOPTED AS ORDINANCE O-16211 (New Series)

Amending Ordinance O-15976 (New Series), as amended, entitled "An Ordinance Establishing a Schedule of Compensation for Officers and Employees of the City of San Diego for Fiscal Year 1983-84" to create the new position of Paramedic Coordinator; exempting the position of Paramedic Coordinator from the classified service; amending Exhibit C to said Ordinance to include the classification of Paramedic Coordinator; and establishing a rate of compensation therefor.

(Introduced on 5/7/84. Council voted 8-0. District 3 not present.)

CITY MANAGER REPORT:

The Fire Department is proposing the position of Paramedic Coordinator for the Unclassified Service in accordance with Charter Section 117 which states, "The Unclassified Service shall include: managerial employees having significant responsibilities for

formulating or administering departmental policies and programs. Each such position shall be exempted from the Classified Service by ordinance, upon the initiation of the appropriate authority and after receiving the advisory review and comment of the Civil Service Commission and the approval of the City Council." The Paramedic Administration Department was dissolved in July 1983 in a budget-reduction measure and the program's responsibilities were absorbed by the Fire Department. The duties of the former director, who was in the Unclassified position, have been assigned to a Paramedic Coordinator.

This position has significant management-level responsibilities including providing direction to the contractor-provider and developing operation policies in cooperation with the contractor, the medical community and other agencies. The independent and sensitive nature of the position (required in order to meet the challenges of providing a level of service which satisfies the demands and concerns of the medical community within current budgetary constraints, and protecting the City's interests in an era of increased legal liability for emergency medical services providers) sets it apart from the normal Classified position. The recommendation to remove this position from the Classified Service was made by the Personnel Department following a study of the duties and was favorably reviewed by the Civil Service Commission on April 5, 1984.

Three actions relative to construction of odor control

improvements for Metro Pump Station No. 1:

(See City Manager Report CMR-83-509. Southeast San Diego Community Area. District-4.)

Subitem-A: (R-84-1842) ADOPTED AS RESOLUTION R-260707

Inviting bids for the construction of odor control improvements on Work Order No. 148182/61661; authorizing the City Auditor and Comptroller to add CIP-46-090, Metro Pump Station No. 1 - Odor Control System to the FY 1984 Capital Improvements Program and delay until FY 1985, CIP-46-091, Metro Pump Station No. 2 - Odor Control System; authorizing the City Auditor and Comptroller to transfer within Sewer Revenue Fund 41506, \$506,416 from CIP-46- 091, Metro Pump Station No. 2 - Odor Control System, to CIP-46-090, Metro Pump Station No. 1 - Odor Control System. BID-5658

Subitem-B: (R-84-1948) ADOPTED AS RESOLUTION R-260708

Authorizing the execution of a first amendment to agreement with Air Pollution Technology, Inc. for construction phase support services for Metro Pump Station No. 1; authorizing the expenditure of not to exceed \$30,516 from Sewer Revenue Fund 41506, the Metro Pump Station No. 1 Odor Control Facilities (CIP-46-090), for said purpose.

Subitem-C: (R-84-1841) ADOPTED AS RESOLUTION R-260709

Certifying that the information contained in Environmental Negative Declaration END-84-0051 has been completed in compliance with the California Environmental Quality Act of 1970 and State guidelines and that said declaration has been reviewed and considered by the Council.

**CITY MANAGER REPORT:**

This project consists of replacing an old non- functioning odor removal system at Pump Station No. 1 including furnishing and installing a longitudinal chemical spray scrubber, two chemical storage tanks, a 50-foot odor dissipation stack, renovation of the existing bar screen room ventilation system, instrumentation, ducting, additional lighting and movable covers for the bar screen room. This project will improve conditions by reducing foul air that escapes from the pump station to a level below that required by the San Diego County Air Pollution Control Board. Also, working conditions will be improved by reducing odor to a level below that required for safety and health of personnel as specified by OSHA and other health agencies.

This project will require specialized construction techniques; therefore, Engineering & Development, Field Inspection will perform

those services required which are within their area of expertise and the balance, including shop drawing review, inspection, an Operation and Maintenance Manual, and design of lighting for the bar screen room will be included in the first amendment to the agreement with Air Pollution Technology, Inc. The change in order of construction of odor removal systems at Pump Station No. 1 and No. 2 in the CIP will enable expedient replacement of the old incinerator type odor removal system at Pump Station No. 1 that burned out beyond repair on May 9, 1983. (Refer to City Manager Report CMR-83-509, dated

December 9, 1983.)

\* ITEM-103: (R-84-1844) ADOPTED AS RESOLUTION R-260710

Inviting bids for traffic signal and street lighting systems at Ivanhoe Avenue East and Torrey Pines Road and at La Jolla Scenic Way and La Jolla Village Drive on Work Order No. 118383; authorizing the execution of a contract with the lowest responsible and reliable bidder; authorizing the City Auditor and Comptroller to consolidate CIP-62-236, La Jolla Scenic Way and La Jolla Village Drive, into CIP-62-235, Ivanhoe Avenue East and Torrey Pines Road; authorizing the City Auditor and Comptroller to transfer within Capital Outlay Fund 30245, \$85,000 from CIP-62-236, La Jolla Scenic Way and La Jolla Village Drive, to CIP-62-235, Ivanhoe Avenue East and Torrey Pines Road. BID-5685

(La Jolla Community Area. District-1.)

CITY MANAGER REPORT:

The Fiscal Year 1984 Capital Improvements Program identifies Ivanhoe Avenue East and Torrey Pines Road and La Jolla Scenic Way and La Jolla Village Drive traffic signal projects. The two

projects are proposed to be consolidated to reduce administrative costs and to attract more favorable construction bids. The proposed traffic signals will improve capacity and safe passage through the intersections by properly assigning right-of-way to vehicles and pedestrians. Emergency vehicle preemption systems are included for fire and ambulance equipment.

Six actions relative to the final subdivision map of Carroll Ridge Unit No. 4, a nine-lot subdivision located westerly of Camino Santa Fe:

(Mira Mesa Community Area. District-5.)

Subitem-A: (R-84-1959) ADOPTED AS RESOLUTION R-260711

Authorizing the execution of an agreement with Miramar Commerce Park Ltd. for the installation and completion of improvements.

Subitem-B: (R-84-1958) ADOPTED AS RESOLUTION R-260712

Approving the final map.

Subitem-C: (R-84-1965) ADOPTED AS RESOLUTION R-260713

Approving the acceptance by the City Manager of that grant deed of Miramar Commerce Park, Ltd. granting to City Lot 64 of Carroll Ridge Unit No. 4.

Subitem-D: (R-84-1966) ADOPTED AS RESOLUTION R-260714

Approving the acceptance by the City Manager of that street, drainage, and relinquishment of abutter's rights of access deed of San Diego Gas and Electric Company, granting to City easements for public street and drainage purposes and the relinquishment of abutter's rights of access in portions of the Northwest Quarter of the Southwest Quarter of Section 11, Township 15 South, Range 3 West, San Bernardino Meridian; dedicating said land as and for a public street, and naming the

same Camino Santa Fe.  
Subitem-E: (R-84-1967) ADOPTED AS RESOLUTION R-260715

Dedicating the street reservation in a portion of Lots 21  
and 23 of G-W Industrial Park Unit No. 3, Map-8190 for a public  
street, and naming the same Camino Santa Fe.  
Subitem-F: (R-84-1968) ADOPTED AS RESOLUTION R-260716

Approving the Declaration of Covenants, Conditions and  
Restrictions for Carroll Ridge Unit No. 4; authorizing the City  
Manager to enter into an agreement with Miramar Commerce Park  
Ltd. for operation and maintenance by the City of San Diego of  
a privately owned sewer pump station in the above subdivision.  
CITY MANAGER REPORT:

In addition to the usual Resolutions associated with the approval  
of this map is a Resolution approving the covenants, conditions and  
restrictions to be recorded on property in and adjacent to the  
subdivision. Condition No. 17 of the Resolution approving the  
tentative map requires the subdivider to install a sewer pump  
station and to make a cash payment to the Water Utilities Department  
sufficient to finance the operation and maintenance of the pump  
station in perpetuity. In lieu of making a cash payment to the  
City, the subdivider has requested that he be allowed to install a  
privately owned pump station and to pay the City to operate and  
maintain the facility. The covenants, conditions and restrictions  
provide for a Property Owner Association to own the pump station and  
provide a means to compensate the City for operation and maintenance  
costs. The City will bill the association quarterly.

(Located southerly of Lomica Drive and Bolero Drive. Rancho Bernardo Community Area. District-1.)

CITY MANAGER REPORT:

On April 29, 1980, the City entered into an agreement with Genstar Development, Inc., a New York Corporation, for the construction of public improvements for Bernardo Heights Unit No. 6. Approximately 75 percent of the work has been completed. The agreement expired on April 29, 1982. On October 4, 1982, a time extension was granted to April 28, 1984 by Resolution R-257262. The developer has requested a second time extension to April 28, 1985. It is recommended that the time extension be granted since the incomplete improvements are not necessary to serve adjacent

Granting an extension of time to June 30, 1985 to Genstar Development, Inc., subdivider, to complete the improvements required in Bernardo Heights Unit No. 9.

(Located southeasterly of Paseo Lucido and Avenida Consentido. Rancho Bernardo Community Area. District-1.)

CITY MANAGER REPORT:

On July 3, 1980, the City entered into an agreement with Genstar Development, Inc., a New York Corporation, for the construction of public improvements for Bernardo Heights Unit No. 9. Approximately

75 percent of the work has been completed. The agreement expired on July 3, 1982. On January 3, 1983, a time extension was granted to June 30, 1984 by Resolution R- 257708. The developer has requested a second time extension to June 30, 1985. It is recommended that the time extension be granted since the incomplete improvements are not necessary to serve adjacent developments or the general public.

Subitem-A: (R-84-1915) ADOPTED AS RESOLUTION R-260725

Authorizing the City Manager to release a portion of the surety issued by Insurance Company of the West in the form of Performance Bond No. 394827, so that the same is reduced as follows: 1) For faithful performance, to the sum of \$343,380; 2) For the benefit of the contractor, subcontractor and to persons renting equipment or furnishing labor or materials, to the sum of \$171,690.

Subitem-B: (R-84-1916) ADOPTED AS RESOLUTION R-260726

Granting an extension of time to March 1, 1986 to Sequoia Pacific Development Company, subdivider, to complete the improvements required in Palm Avenue Shopping Center.

**CITY MANAGER REPORT:**

On March 1, 1982, the City entered into an agreement with Sequoia Pacific Development Company for the construction of public improvements for Palm Avenue Shopping Center. Performance Bond No. 394827 issued by the Insurance Company of the West in the amount of \$1,073,065 was provided by the subdivider. The agreement expired on March 1, 1984. The subdivider has requested a partial release of surety and an extension of time to March 1, 1986 in which to complete the required improvements. Approximately 90 percent of the work has been completed. In accordance with Council Policies 800-11 and 600-21, respectively, it is recommended that the surety be reduced (68 percent) to \$343,380 and since the incomplete improvements are not necessary to serve the adjacent development or general public, that the time extension be granted.

\* ITEM-113: (R-84-1929) ADOPTED AS RESOLUTION R-260727

Authorizing the City Manager to accept the subdivision improvements for Navajo Park Unit No. 1 and all work therein and to record a Notice of Completion and Final Acceptance on Improvement Agreement with Watt Industries, Inc.

(Located northerly of Navajo Road and Margerum Avenue.

Navajo Community Area. District-7.)

**CITY MANAGER REPORT:**

On December 27, 1976, the City entered into an agreement with Watt Industries, Inc., a California corporation, for the construction of public improvements and grading for Navajo Park Unit No. 1. Soon after the work was completed, the subdivider's Soils Engineer indicated that a soils problem existed. After an extensive soils investigation, it was determined that an area along the west side of Margerum Avenue was unstable. Subsequently, a permit was issued to the subdivider (Watt Industries, Inc.) to repair the slide area. The repair consisted of removing six houses and regrading the property. A buttress fill to stabilize the area was constructed as part of the regrading. The reconstruction was done during the spring and summer of 1983.

Water from the underground seepage lines and from excess irrigation on the slopes has caused complaints from the property owners on Sallisaw Court. It is believed that now that the ground cover is fairly well established and the frequency of irrigation has been reduced, the problem has been greatly reduced but not yet totally eliminated. Because of this, Watt Industries, Inc. has been required to obtain a permit to reconstruct the drain system in Sallisaw Court and to extend the underground seepage lines to the end of the street. The permit requires Watt to complete the work within two years. If during the two-year period of the permit it is demonstrated to the satisfaction of the City Engineer that the problem has cured itself and the work is not necessary, the permit will be cancelled. The subdivider has provided a faithful performance bond in the amount of \$86,900 to ensure completion of the drain, if necessary. Since all the work included in the improvement agreement has been completed to the satisfaction of the City Engineer, it is recommended that the work be accepted.

Calling a public hearing to determine whether the public health, safety or general welfare requires the formation of an underground utility district to be known and denominated as the 47th Street (Imperial Avenue to Highway 94) Underground Utility District.

(Southeast San Diego Community Area. District-4.)

CITY MANAGER REPORT:

The proposed district will underground the overhead utility facilities on 47th Street between Imperial Avenue and Highway 94. This project is scheduled in CIP for Public Hearing in FY'84. It is estimated that construction for the project will begin in CY 1985. The formation of this district will require the affected property owners to underground the portion of their utility on their parcel prior to removal of the overhead utilities. A typical cost range for a private contractor to perform this conversion work on private property is \$500 - \$1,000. A future Resolution will establish the date for removal of overhead utilities as the undergrounding work approaches completion.

Vacating "E" Street between First and Second Avenue adjacent to Lots F and G, Block 40, of Horton's Addition, Map-369, and Parcel 2 of Parcel Map PM- 12366, under the procedure for the summary vacation of streets where the portion of street to be vacated consists of a portion of a street or highway that lies within property under one ownership and that does not continue through such ownership or end touching property of another; reserving and excepting from the foregoing vacation the right, easement and privilege of placing, constructing, repairing, replacing, maintaining, using and operating public utilities of any kind or nature pursuant to said Resolution; declaring that the City reserves and excepts from vacation and abandonment, easements, and rights of any public utility pursuant to any

existing franchise or renewal thereof; the easements reserved herein are in, under, over, upon, along and across "E" Street between First and Second Avenues, adjacent to Lots F and G, Block 40, of Horton's Addition, Map-369, and Parcel 2 of Parcel Map PM-12366.

(Centre City Community Area. District-8.)

**CITY MANAGER REPORT:**

"E" Street was dedicated by subdivision in 1900. The Centre City Development Corporation, as the abutting property owner, has petitioned for the closure to facilitate the Horton Plaza Redevelopment Project. This request by the Centre City Development Corporation will vacate "E" Street between First and Second Avenues and is in accordance with the Horton Plaza Redevelopment Plan, which was adopted by Council in 1971, and the Disposition and Development Agreement approved in 1981. The closure is necessary for the Centre City Development Corporation to achieve its goals. This closure of "E" Street will complete the street vacations required by the Horton Plaza Retail Project. The right-of-way to be vacated is fully improved and contains drain, chilled water, and steam utilities. Easements have been reserved to service and maintain those utilities. Street improvements, satisfactory to the City Engineer, will be constructed with the project development (CIP-52-257, Horton Plaza Retail Complex - Improvements). These improvements include curb and sidewalk across vacated street in First and Second Avenues. Access to adjacent properties will be retained via other adjacent streets. Staff has concluded that the right-of-way to be vacated is no longer needed for present or prospective public use and can be summarily vacated subject to the easement reservations cited above. This application was processed in accordance with Council Policy 600-15.

Authorizing the execution of a first amendment to agreement with Ralph Bradshaw/Richard Bundy and Associates to perform additional professional services and provide plans and specifications for the Central Library window area reconstruction; authorizing the City Auditor and Comptroller to transfer an amount not to exceed \$5,500 from CIP-37-001.1, Minor Public Works Projects, to CIP-35-065, Central Library Window Area Reconstruction; authorizing the expenditure of an amount not to exceed \$5,500 from CIP-35-065, Central Library Window Area Reconstruction, for the above purpose.

(Centre City Community Area. District-8.)

**CITY MANAGER REPORT:**

On August 1, 1983, the City Council authorized a \$3,000 agreement with the architect to investigate the cause of the failure of the anchoring system which secures large and heavy terra cotta tiles to the perimeter of each window of the Central Library (Resolution R-258992). These earlier failures caused some heavy pieces of tile to crash onto the sidewalk below. City forces removed all other precariously loose tiles to ensure public safety. The scope of work approved in the architect's agreement was limited to studying various methods to correct the problem and to provide cost estimates for each alternative studied. Seven such alternatives were presented in the architect's report in November, 1983. Upon review of the proposed alternatives, the Engineering and Development, General Services and Library Departments agreed that alternative number seven would best satisfy structural, aesthetic and cost considerations. This alternative provides for removal of the remaining heavy tiles, preparation of the damaged exposed reinforced concrete surfaces, and reconstruction of the perimeter of each window using stucco colored to match the original appearance. This construction alternative was also the least costly of the seven methods studied and is estimated to cost \$20,600. Funds for this construction will be proposed in the forthcoming 1985 Fiscal Year CIP. In order to proceed to the construction documents phase of the project, it is necessary to amend the agreement with the architect. The proposed amendment would provide \$5,500 for preparation of the detailed construction plans and specifications needed for completion of the project.

\* ITEM-121: (R-84-1917) ADOPTED AS RESOLUTION R-260735

Authorizing the execution of a supplemental agreement with Caltrans, increasing the total construction cost for the Fairmount Avenue/Montezuma Road bikeway from approximately \$234,000 to \$271,000; authorizing the reallocation of funds in the amount not to exceed \$38,800 of Local Transportation Funds (LTF) from the Linda Vista Road/Ulric Street bikeway project to the Fairmount Avenue/Montezuma Road bikeway, solely and exclusively for the purpose of providing funds for the above project.

(Mid-City, Clairemont Mesa, Linda Vista and State University Community Areas. Districts-3, 5 and 7.)

**CITY MANAGER REPORT:**

The City of San Diego and CalTrans executed an agreement (No. 11-0299) in September 1983 for CalTrans to provide engineering services for construction of the bikeways on Fairmount Avenue from I-8 to Montezuma Road and Montezuma Road from Fairmount Avenue to 55th Street. One section of the agreement states that, "If upon opening of bids it is found that the cost overrun exceeding 7 percent of the estimate will occur, State and City shall endeavor to agree upon an alternative course of action." Construction bids for the project were opened on December 1, 1983 and the low bid of \$202,259.30 was approximately 17.5 percent above the engineer's estimate of \$172,111 for the project. After consideration of other alternatives such as reducing the scope of the project, it was agreed that construction of the project as currently designed was the only viable alternative. With contingencies and additional engineering services added in, a total of \$38,800 more will be required to complete the project according to the current project design, and Local Transportation Funds (LTF) are available.

The Linda Vista Road and Ulric Street projects were completed in the late summer of 1983 using LTF, at a cost of \$50,300, which is \$38,800 less than the originally estimated cost. The requested reallocation of LTF has been recommended by the SANDAG Bicycle Facilities Committee and was tentatively approved by the SANDAG Board of Directors on December 16, 1983, contingent upon City Council approval.

Authorizing the execution of an agreement to purchase tax deeded property with the County of San Diego, affecting Lot 1640 of Larwin Mesa View Unit No. 14, a 6.54-acre parcel located on the southerly side of Penasquitos Canyon; authorizing the expenditure of not to exceed \$1,055 from Open Space Bond Fund 79102 for the acquisition of the above described parcel and related costs.

(North Mira Mesa Community Area. District-5.)

CITY MANAGER REPORT:

The Park and Recreation Department has selected for purchase a tax delinquent parcel which is presently encumbered by an open space easement. The parcel, containing 6.54 acres, lies on the southerly side of Penasquitos Canyon Preserve in the North Mira Mesa area. The parcel was scheduled for tax sale by the Board of Supervisors. It has been offered to the City of San Diego for \$750 plus \$305 in necessary advertising fees in the Daily Transcript. Both the Park and Recreation and Property Departments recommend the execution by the City Manager of an agreement to purchase. Authorizing and directing the City Engineer to issue a special permit to Lusk-Smith/Mira Mesa North, to allow grading of Lusk Mira Mesa Business Park East Units 1 and 2 prior to approval of the final subdivision map.

(Mira Mesa Community Area. District-5.)

CITY MANAGER REPORT:

Section 102.0318 of the Municipal Code authorizes the City Engineer to issue Special Permits to do work prior to the filing of a final subdivision map except when the subdivision is located within the Hillside Review (HR) Overlay Zone. Since this subdivision is in the HR Zone, a Special Permit cannot be issued unless authorized by the City Council.

Because of the amount of earthwork involved and the requirements of the subdivider's client to obtain Building Permits no later than the first part of September for a large industrial complex, the developer has requested that he be allowed to start grading prior to final map approval.

The tentative map was approved December 1, 1983. The HR permit was approved July 19, 1983. The final map is expected to be ready for Council consideration in August after required changes have been made to reflect the now proposed large-lot development. Before a Special Permit will be issued by the City Engineer, if so authorized by Council, the subdivider will be required to pay all fees and provide full surety to cover all improvements which will be included in the Subdivision Improvement Agreement.

ITEM-126: (R-84-1946) ADOPTED AS RESOLUTION R-260739

Recognizing the housing needs and supporting the goals as

recommended in the updated Regional Housing Needs Statement, dated January 14, 1984; declaring that the City of San Diego will continue to provide housing for lower income households within its jurisdiction through all reasonable programs and activities; declaring that the City of San Diego has found that its Housing Element is generally consistent, or will be adjusted so as to be generally consistent, with the updated Regional Housing Needs Statement.

(See Planning Department Report PDR-84-221.)

PLANNING DIRECTOR REPORT:

Fair share housing requirements were identified for the region by the housing allocation formula prepared by SANDAG and adopted by the City in 1979. The most recent Regional Housing Needs Statement prepared by SANDAG was adopted by the City in 1981. The purpose of the SANDAG Housing Needs Statement is to recommend an equitable basis by which each jurisdiction can assume it is "fair share" of lower income housing responsibility and identify the need for housing for all income levels in the region.

The Regional Housing Needs Statement provides information that meets the state requirements (AB 2853, 1980) for a portion of the local housing element. According to the state law, local governments must identify their total housing needs and develop goals and programs to address them. This updated Regional Housing Needs Statement will be used by the San Diego Planning Department in the revision of the Housing Element as stipulated in Section 65584 of the California Government Code.

The state law requires that housing elements be updated every five years. The time frame of the Regional Housing Needs Statement and formula must be updated in order to be consistent with the time frame required for the revised housing elements. The update also coincides with the availability of the 1980 Census and Series VI Regional Growth Forecasts.

The previous 5 year housing assistance goal was 7,832 households; the updated 5 year goal is 7,601 households, a difference of only 231 households.

ITEM-200: (O-84-212) ADOPTED AS ORDINANCE O-16213 (New Series)

Second public hearing in the matter of:

Amending Ordinance O-16007 (New Series), as amended, entitled "An Ordinance Adopting the Annual Budget for the Fiscal Year 1983-84 and Appropriating the Necessary Money to Operate the City of San Diego for said Fiscal Year" by amending documents No. 00-16007-1, and No. 00-16007-2, as amended and adopted therein, by transferring an amount of \$25,000 from the General Fund 100, Department 110, Organization 222, Object Account 4222 to CIP-36-003.5, "Northern Division Police Station - Fencing" to provide funds for project completion; authorizing the Auditor and Comptroller to transfer said amount.

**CITY MANAGER REPORT:**

CIP-36-003.5, Northern Division Police Station - Fencing, was established to provide \$24,500 for perimeter fencing and security lighting for the Northern Police Station. Lighting costs exceeded original estimates so funds are not sufficient to provide for fencing. This increased funding will provide for the fencing as well as for pavement of the parking area at the Northern Area Station that was not included in the original scope of the project. The change is made necessary by development in the area which has overtaxed available on-street parking.

Inviting bids for Metropolitan Pump Station No. 2, Sixth Pump Installation on Work Order No. 147204; authorizing the City Auditor and Comptroller to transfer within Sewer Revenue Fund 41506, \$1,493,743 from CIP-46-075, Point Loma - Methanol Plant, to CIP-46-083, Metro Pump Station No. 2 Additional Pumps; authorizing the expenditure of not to exceed \$3,708,244

from Sewer Revenue Fund 41506, CIP-46-083, Metro Pump Station No. 2 - Additional Pumps, for said project and related costs; authorizing the Auditor and Comptroller, upon advice from the administering department, to transfer excess budgeted funds, if any, to the appropriate reserves. BID-5657  
Subitem-B: (R-84-1947) ADOPTED AS RESOLUTION R-260745

Authorizing the execution of a second amendment to agreement with James M. Montgomery for engineering support services

during installation of the Fifth Pump and during purchase and installation of equipment of the Sixth Pump at Metro Pump Station No. 2; authorizing the expenditure of not to exceed \$82,022 from Sewer Revenue Fund 41506, Metropolitan Pump Station No. 2 - Additional Pumps Project (CIP-46-083), for said purpose.  
Subitem-C: (R-84-1839) ADOPTED AS RESOLUTION R-260746

Authorizing the use of City Forces to do all the work to perform operational checks in connection with Metro Pump Station No. 2, Sixth Pump Installation, pursuant to the recommendation of the City Manager and submission of estimates by him indicating that said work can be done by City Forces more economically than if let by contract; declaring that the cost of said work shall not exceed \$10,000.

**CITY MANAGER REPORT:**

By previous Resolutions, the City has entered into engineering contracts for design studies for the modifications of Metro Pump Station No. 2 with James M. Montgomery, Consulting Engineers. These design studies have been completed, and the Resolution for the contract for the installation of a fifth pump assembly from parts previously purchased and already on-hand was approved by Council on February 13, 1984. This request is for authorization to advertise and award the purchase and installation of the sixth pump assembly and to furnish the spare parts needed in the event of a pump assembly breakdown.

Amendment No. 2 to the agreement between the City and James M. Montgomery, Consulting Engineers, will provide engineering support services during the installation (construction) phases of both the fifth and sixth pump assemblies. To provide adequate electrical service to Metro Pump Station No. 2, an additional electrical circuit will need to be provided by the San Diego Gas & Electric Company. At the same time, the current alternate service contract to provide standby power from a separate substation should also be

upgraded. A request for approval of that contract will be made when the negotiations have been completed.
